

Bermuda Environmental
Consulting, Ltd.

Health and Safety Policy Statement

Bermuda Environmental Consulting, Ltd., is committed to safeguarding people including our staff, clients and members of the public who might be impacted by our activities, as well as their property through a health and safety programme incorporated into all aspects of our work. We are trained in the Loss Prevention System (LPS) behavioural management system and apply protocols and safety standards for all our technical fieldwork. We strive to meet or exceed our obligations under Bermuda's legislative framework and are committed to:

- Preventing injury and ill health to those who may be affected by our activities by implementing our health and safety policy procedures;
- Ensuring adequate assessment of any health and safety issues that might arise from our activities, and implementing suitable measures to minimise the risk;
- Ensuring that all members of our team are competent to do their work safely by providing the necessary information and training and ensuring that they receive drug and alcohol testing;
- Providing and maintaining safe equipment;
- Expecting our clients and contractors to apply at minimum the required health and safety standards and involving them in contributing to improvements in protocols through consultation;
- Monitoring the implementation of safe working practices and resolving problems immediately;
- Reviewing and revising the Policy and procedures at regular intervals;
- Committing to communicating our Health and Safety Policy openly with all clients, stakeholders and the public.
